Welcome to MineBidZ.com and its service to match users of mining equipment with bidders offering such equipment. (the "Site"). The Site is owned by MineBidZ, LLC ("MineBidZ", "we," "us," or "our"). BY USING THE SITE, YOU AGREE TO THESE TERMS OF SERVICE. If you disagree with any part of these terms and conditions, please do not use our website. The terms "MineBidZ", "us", or "we" refers to the owner of the website whose registered office is 191 Dry Creek Trail, Elko, NV 89801. The term 'you' refers to the user or subscribers of our website.

MineBidZ.com has created an internet link between mining companies/engineering firms (hereafter called "users") and vendors (hereafter called "subscribers") to save time and money on supplying mining equipment and everyday consumables. Our four-member team has a combined 100+ years of experience working for both vendors and mining companies. The site was created to facilitate the matching of buyers with sellers. MineBidZ is not a broker, nor is it a party to any transaction between users and subscribers who use the site. When a purchase order is generated by any user for equipment or consumables located through the site, a copy of the purchase order will be transmitted to MineBidZ. When the deal is closed, the subscriber will pay MineBidZ for it's service based upon an agreed fee schedule.

Users of the site will be kept discrete from potential bidders on MineBbidZ.com to ensure competitive bids; the size of your operation will not be known to keep quotes even throughout the industry. All quotes sent to the mining company will display vendor letterhead and vendor contact information. After bids are received, the user will determine which quote is best suited to their needs by location, price, and vendor reputation.
